Teeth Whitening

Home Tooth Whitening is one of the most popular products we offer to the bride, groom and bridesmaids.

Teeth are stained by smoking and/or the foods/drinks that we consume, darkening the natural bright, whiteness of teeth. Teeth whitening is a process of lightening the colour of your teeth by using gentle and effective bleaching process. The tooth Fairy Tooth Whitening Kit has been designed by Holly Schroder, a leading Canadian Dental Hygienist and has been seen on This Morning and in Cosmopolitan, Elle and Woman magazines.

This process is normally very time consuming and expensive if carried out at a dental surgery or teeth clinic so Tooth Fairy designed its own 'Tooth Fairy Tooth Whitening Kit' for use at home.

A custom moulded mouth tray is created then a whitening gel is placed in the tray which you then wear whilst asleep or for 1-2 hours during the day.

Results are normally seen over 2 weeks
